

ADVENT: What Are We Waiting For?

We hold Advent as a season of expectancy, of waiting...
But just what are we waiting for?

The baby Jesus? Already happened.
The Magi? Come and gone.
The Big Holiday Sale at Macy's? Do we really need more stuff?

This Holy Season of preparation and anticipation holds such potential for developing a keener awareness of what lies at the core of our deepest yearnings as individual Christians, and as members of a parish.

Invite your parish to an evening reflection on this fertile season, to an exploration into the powerful scriptures, symbols, sights and sounds that prepare us for the transformative experience of the Incarnation.

Special rates are available for smaller parishes, and presentations can be tailored to the specific needs of your unique parish.
